

Continuing Authorities Program (CAP) Project Fact Sheet **For Final Decision Document**

1. **Project.**
2. **Location of Project/Congressional District.**
3. **Study Authority.**
4. **Study Purpose.**
5. **Discussion of Prior Studies, Reports and Existing Water Projects.**
6. **Plan Formulation.**
 - a. Identified Problems. (Briefly describe the problem and the scope of the investigation in general terms)
 - b. Alternative Plans Considered. (List only the types of alternatives considered without going into specific design details)
 - c. Description of Recommended Plan. (Note: If not NED plan, provide rationale for departing from the NED plan)
7. **Views of Sponsor.** (Identify the study/project sponsor and briefly discuss the sponsor's level of support. If applicable, cite the date of the latest formal correspondence indicating views, such as signing of agreements, or letters of assurance. Indicate if there is a locally preferred plan, and briefly describe the plan and the reason(s) for not recommending it.)
8. **Views of Federal, State, and Regional Agencies.** (Brief summary of major or significant views expressed by agencies formally reviewing the recommended plan through NEPA, E.O. 12372, or Coordination Act procedures. Indicate any action taken in response to these views.)
9. **Status of Environmental Statutes Compliance.** (Indicate status of environmental assessment (EA), dates of filing of draft and final Environmental Impact Statements (EIS), or date of Finding of No Significant Impact (FONSI), as appropriate. Indicate status of Water Quality Certification, Coastal Zone Management Consistency Declaration, and a statement covering the project's compliance with other environmental statutes, particularly if sensitive to plan formulation or implementation.)
10. **Significant Effects.** (This item is "N/A" unless an EIS is required. If an EIS is required, list and describe the significant effects)
11. **Implementation Schedule.**
 - a. Contract Award
 - b. Project Completion
12. **Supplemental Information.**
 - a. Specific legislation/report language
 - b. Other
13. **Project Area Map.**

Date:

Division/District: POD/POA

Table 1. Economic and Financial Data for Recommended Plan
(All costs in thousands of dollars)

Est. Implementation Costs (_____ Price Levels)	(\$)	Economic Data (____ %, ____ year life)	(\$)
Federal		Annual Charges	
Non-Federal		OM&R	
LERRD (_____)		Fed OM&R	
Cash (_____)		Annual Benefits	
		BCR	
Total			

Cost Allocation			
Project Purpose	Federal (\$)	Non-Federal (\$)	Ave. Annual Benefits (\$)
Total			
Allocations to Date			
Feasibility, etc.			
Total			
Remaining Requirements			
Feasibility, etc.			
Total			
Total Allocations			
Future Non-federal Reimbursements			
Ultimate Cost			

Note: Total plans and specifications cost is initially Federally financed, and distributed as part of the local share of project costs during construction.

Note: The local sponsor is providing \$ _____ in associated costs for (example) deepening of berthing areas.
